

Zooooooooooooom...

# Netiquette for online learning

- Mute your microphone

To help keep background noise to a minimum, mute your microphone when you are not speaking.

- Camera's off

Your camera will automatically be switched off when you join the session, however you may get asked switch it on to show your creations.

- Limit distractions

You can make it easier to focus on the meeting by turning off notifications, closing or minimizing running apps.

- Raise your hand

We know you'll have something to say but blurting it out just isn't the way (poetry too nice!) so raise that virtual hand up.

- Prepare in advance

Have the correct apps downloaded in preparation for your session. Your teacher will let you know in advance.
